

Sometimes when you see something differently than another, the best thing you can do is be patient and try to see it the other person's way.

Color the tent picture below. Did Paul's tents look like this? Who knows?! But you can add in some fun camping equipment if you want, too!

Church at Corinth

Acts 18

Paul traveled all over Greece telling people about Jesus.

Once, he met some new friends that made tents just like he did. His friends were named Aquila and Priscilla. Paul stayed at their house, and they worked together making tents. Sometimes, Paul met people who didn't agree with him. But that's ok. We don't all have to agree all the time.

When the sabbath days came, Paul would go to the synagogue with them. He would teach people about Jesus and invite them to follow Jesus.
