Creation Station, Mondays, Jan. 22 – Apr. 23

(No Class, Feb. 19 & Mar. 5)

Lead by: Lori Kristiansen & Rachel Cornish

Does your child ask “Why?” a lot – or “How does that work?” – or “What would happen if we tried this?” Creation Station is a class where your child can explore these questions, create “cool stuff”, and learn about many amazing things in the world that they live in. Students will discover many awesome things about science through their play, experiments, books, and art. Encourage your child to come and get answers to those questions, and maybe they will find more questions to ask. They are invited to join in the fun!
